

Formative Assessment Checklist

Quick Reference for Effective Assessment Strategies

Daily Formative Assessment Strategies

- Exit tickets: 3-5 minute responses at lesson end
- Thumbs up/down: Quick understanding check
- Think-pair-share: Partner discussions before sharing
- Whiteboards: Individual responses shown simultaneously
- One thing learned: Students share key takeaway

Weekly Assessment Techniques

- Learning journals: Student reflection on progress
- Peer feedback: Students assess each other's work
- Gallery walks: Review and comment on displayed work
- Self-assessment checklists: Students evaluate own learning

Digital Formative Assessment Tools

- Online polls (Mentimeter, Poll Everywhere)
- Quiz platforms (Kahoot, Quizizz)
- Collaborative documents (Google Docs, Padlet)
- Video responses (Flipgrid, Loom)

Implementation Checklist

Before the Lesson:

- Identify specific learning targets to assess
- Choose appropriate assessment strategy
- Prepare materials or digital tools

During the Lesson:

- Observe student responses and engagement
- Ask follow-up questions for clarification
- Note misconceptions or gaps in understanding

After the Lesson:

- Review collected data quickly
- Identify students needing additional support
- Plan next lesson adjustments based on feedback
- Provide timely feedback to students
