

# Differentiated Question Stems

*Bloom/SOLO style stems with sample tasks and AI prompts.*

## Stems (examples)

- **Remember:** List, define, recall. \*"List the key parts of..."\*
- **Understand:** Summarize, explain. \*"Explain why..."\*
- **Apply:** Use, solve, demonstrate. \*"Show how you would..."\*
- **Analyze:** Compare, categorize, contrast. \*"What pattern do you notice..."\*
- **Evaluate:** Judge, justify. \*"Which method is most effective and why?"\*
- **Create:** Design, compose. \*"Design an alternative solution to..."\*

## Task starters (by level)

- **Support:** Match terms to definitions; caption a diagram with sentence starters.
- **Core:** Two-paragraph explanation with one example.
- **Extend:** Debate brief or prototype with criteria.

## AI Prompt

- "Suggest 5 questions at Apply/Analyze level about {{topic}} for mixed-ability students. Include one extension."
